

IS YOUR BUSINESS READY FOR BREXIT?

Have you thought about how Brexit might affect your business?

You might think that it won't affect you but the likelihood is that it WILL directly or indirectly affect your business

- It could be your suppliers, your wholesaler or even their suppliers
- It could be your staff and their families
- It could be regulations and legislation affecting your product category or industry sector
- It could affect your cash flow and credit terms

The NMTF will be producing guides on how to make sure your business is ready for Brexit. We will also be running a series of workshops at markets across the country before the end of October. If there isn't a workshop taking place in your area you will be able to access one via our website.

Helping the market industry be business-ready for Brexit

HM Government
